

OPENS & CLOSSES IN SECONDS BY 1 PERSON:**1. Release.**

Drop tailgate and simply press the single finger-tip release and the secure locking tail rail begins to roll up.

2. Roll it.

Do you whistle while you work? Just roll it up from one side all by yourself. No parts to store or lose.

3. Snap it.

Use the attached, handy straps with heavy duty luggage style buckles to secure the tarp at cab rail.

4. You're done!

You've just opened your tonneau and got access to your bed about as fast as you can read these instructions!
